

Carrier® Thermostats for Your New Home

Energy savings, comfort and wireless control

What You Can Expect From Carrier

Innovation, efficiency, quality: Carrier® thermostats for your new home represent years of research and design with one goal in mind – giving families control over indoor comfort. Your builder has chosen to offer Carrier indoor comfort products, which represent the quality, environmental sensitivities and lasting durability that have been synonymous with Carrier since 1902. And, to ensure maximum year-round performance from your Carrier comfort system, your dealer can include a new Carrier thermostat backed by the indoor comfort experts.

While some manufacturers rely on “off-the-shelf” thermostat brands, Carrier ties its systems together using controls designed to optimize performance and efficiency. Whether you choose one of our basic, non-programmable models or the masterfully conceived Côm™ thermostat, you can be confident that all aspects of your system are created to work together to keep you comfortable.

Carrier® Côm™ Thermostat

Carrier has engineered a smart thermostat that truly lives up to the name. Offering convenience, efficiency, peace of mind and powerful control, the Côm™ thermostat gives you access to your comfort from anywhere. From our approachable and attractive wall-mounted interface, to wireless home networks, to anywhere in the world from an Internet-connected device, you can take complete command of most aspects of your system. Programming temperature and humidity, changing settings, even monitoring and tracking energy use, this deluxe thermostat does it all with style.

Smart

Homeowners saved an average of 20% on their heating and cooling energy costs* with features like smart recovery, a function that intelligently adapts system settings to your needs.

Advanced Software

The Côm™ thermostat automatically downloads the latest software and is always up to date with easy-to-read energy reports, and customized tips to help you save even more.

Anywhere Access

Home comfort is easily accessible online and with the free, downloadable mobile app. In your family room, at the office, or anywhere in the world, you can't beat the convenience.

*Based on a 2012 third party study comparing Carrier® Côm™ technology to the estimated cost of a non-programmable thermostat set at 72°F at all times.

Carrier® Wi-Fi® Thermostat

The Carrier® Wi-Fi® thermostat offers convenience and affordability in one wall-mounted control. With remote connectivity from an Internet-connected device, this thermostat helps merge today's active lifestyles with the need to maintain a comfortable home.

Advanced software makes everything easy, from initial setup to customizing your comfort schedule to making your Internet connection. And, this “smart” thermostat talks back, with automated alerts and reminders, monthly energy use reports, and automatically adjusting according to your settings to maximize performance. Convenient and affordable, the Carrier Wi-Fi thermostat adds a new dimension to your comfort – the power of connectivity.

Simple, Intuitive Display

Full-color graphics provide comfort information at a glance, including temperature, humidity, set point, network signal strength and more.

Secure, Online Access

Our secure web portal lets you set up, manage and adjust your system from any web-connected device. And while you're there, get system reminders, weather updates, and home energy use reports as well.

Touch • N • Go® Programmable and Non-Programmable Thermostats

Setting your thermostat for maximum home comfort is as easy as pressing a few buttons. The illuminated display features large, easy-to-read settings, with simple graphics that guide you quickly through any process. The non-programmable model lets you press just one button to set and hold your home's temperature indefinitely – it couldn't be easier!

Our standard programmable thermostat includes three Touch • N • Go® buttons – home, away and sleep – to provide easy, one-touch convenience to easily select pre-determined temperature settings based on three different lifestyle situations.

- **Home** – Maximum comfort when you are at home
- **Away** – Money-saving temperature settings when you are away
- **Sleep** – Rest easy with the right mix of comfort and energy savings

The Total Indoor Comfort System

Your Carrier® dealer will recommend a system that is best suited to meet your home-comfort needs and local weather environment:

1. **Air Conditioner** provides reliable, high-efficiency cooling for long-lasting comfort and energy savings.
2. **Gas Furnace** provides reliable, high-efficiency heating for long-lasting comfort and energy savings.
3. **Côr™ Thermostat** puts efficiency, simplicity and expertise at your fingertips with unprecedented convenience – from the wall control, wireless home networks or anywhere in the connected world.
4. **Zoning** sets different temperatures for up to three different areas of your home for truly customized comfort and enhanced utility savings.
5. **Air Cleaner** improves air quality by removing harmful and irritating airborne pollutants from your home.
6. **Humidifier** replenishes moisture to dry air.
7. **UV Lamp** inhibits the growth of contaminants on the evaporator coil, leaving your home with cleaner, fresher indoor air.
8. **Ventilator** combines fresh outdoor air with conditioned indoor air for improved air quality – great for today's tightly constructed home.
9. **Evaporator Coil** is matched with the proper outdoor unit to provide top cooling efficiency and years of reliable service.

More Than a Century of Cool

In 1902, a determined engineer answered one of mankind's most nagging questions: How do we make hot, sticky, indoor air go away? In creating the world's first modern air conditioning system, Willis Carrier forever changed indoor life, and, more than a century later, the corporation that bears his name takes inspiration from his example.

Carrier continues to improve on our founder's breakthroughs, introducing new technologies that make life at home even cooler. Today, our nationwide network of experts continues to advance Willis Carrier's lifework. Your expert Carrier® dealer is equipped to evaluate your home and create a customized system designed around your lifestyle.
